Eagle Pride Personified Committee Seeks Nominations

The Eagle Pride Personified Committee, formed to celebrate the history and heritage of Geneva Area City Schools and to inspire current students by highlighting and archiving the stories and pathways of graduates, staff, and friends whose lives have exemplified Eagle pride, is accepting nominations.

The committee, which includes representatives of booster groups, local organizations, school officials and interested community members, seeks nominations of individuals whose accomplishments fit the following categories.

1. *Distinguished Graduates* – individuals who have made significant achievements in their lives, and whose contributions have had community, state, national or global impact.
2. *Educators* – teachers, coaches, or other staff who have demonstrated exemplary service and dedication to the Geneva Schools community and students.
3. *Friends of Geneva Area City Schools* – persons who have made outstanding contributions through volunteer services or other significant contributions to Geneva Schools.

Nominations may be offered by any person or group. Nomination forms are available through Eagle Pride Personified Committee members, at Geneva High School and by emailing the committee at Eagle.Pride@neomin.org
