

**Geneva Area City Schools
Bus Routes
2019-2020**

Welcome to Geneva Area City School Bus Route Information Page. Here you will find general information which includes bus numbers, drivers' names, roads the buses will be picking up and dropping off on, also Am and Pm times. During the first few weeks of school and poor weather conditions, Please remember buses often run late. Also, bus times and stops are subject to change.

Like the rest of the school district, the Transportation Department is doing its part to help ensure that local and state funds remain in the classroom. In an effort to be efficient, we are striving to consolidate bus stops to save on our fuel usage. School transportation is a form of public transportation that is designed to be safe and efficient while serving as many students as possible.

Please remind your student of the safety rules while riding the bus. They are to behave the same way they would in a class room. If they choose not to follow Bus Safety Rules, they may get a warning or have bus privileges taken away. Students should be out at the Bus stop 5 minutes before the bus is to arrive.

We are looking forward to a great school year. If you have any questions, please contact the Transportation Department at 466-4831 Ex. 1198.
