October 6, 2015

Dear Geneva Community,

The recent tragedy involving one of our students on October 5, 2015 has been felt by the entire Geneva Area City Schools and its community. This is a devastating loss for so many. Our thoughts and prayers go out to the family and “we” as a district and community support the family in every way. We sympathize with them for their loss and understand this is a very difficult time. Our focus right now is on the grieving process of the family, students, staff and community.

We will continue to have counselors available at Geneva High School and Geneva Middle School as long as they are needed. The safety and emotional well-being of our students and staff is our first priority. We realize how difficult this may be for some students and as parents, you know your child best and can determine if attending school is in their best interest. All students and staff must go through their own grieving process, and we are here to assist in any way that we can. Please feel free to contact the school office if you need any assistance.

In respect for the family, we will not be sharing any additional information and details so that they may grieve without any additional distractions.

Sincerely,
